COMMENTS: At the time that the report was due I was dealing with a lot of family issues and this report just slipped hi mind. He just lost the election, a position that he had held for the past 12 years. At the same time, he and his family were dealing with the death of his father-in-law. They were also recovering from the lingering effects and damages caused by Hurricane Zeta for which they did not regain power to their home until the day before the election. Right after the election, he found out that his boss was put into hospice care and he passed away shortly after. The stress was overwhelming because of losing his elected position and the possibility of losing his primary job leaving no way to support his family. He would also like to note that he did forward his report the day that he received the letter in the mail.

Re: Late fee assessment for the November 3, 2020 Election

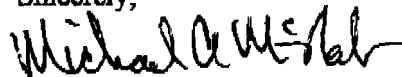

Dear Ms. Horn,

Please accept this letter as a formal request for a waiver of the \$320.00 late fee. At the time that the report was due I was dealing with a lot of family issues and this report just slipped my mind. I just lost the election, a position that I had held for the past 12 years. At the same time my family and I were dealing with the death of my father-in-law. We were also recovering from the lingering effects and damages caused by Hurricane Zeta for which we did not regain power to our home until the day before the election. Right after the election, I found out that my boss was put into hospice care and he passed away shortly after. The stress was overwhelming because of losing my elected position and the possibility of losing my primary job leaving no way to support my family.

I would also like to note that I did forward to your office my report the day that I received your letter in the mail. Therefore, I ask that you consider waiving this late fee due to the circumstances which I have previously set forth.

Thank you in advance for your time and consideration in this matter, I remain

Sincerely,

Michael A. McNab
